

November 2021 Parent Teacher

Dear Parents/Guardians:

As we continue through this unprecedented time, it remains a priority to communicate with parents/guardians around the well-being and success of our students. Parent-teacher interviews will need to be completed over time via email or by google meet (telephone call) on November 25th, 2021 (similar to last year).

During this time, it is paramount that we have updated contact information on file; as well, that we ensure parents and guardians are able to access Powerschool. Powerschool is also an avenue to gather a snap shot of how your child is doing in school. We encourage parents to check Powerschool regularly and to reach out to our registrar dcooper@hrce.ca if there are concerns logging in.

If you would like to speak with your child's teacher, please sign up for a google meet (telephone call) using the website below. **The link below will be available from November 15th at 4:00 pm until November 19th at 4:00 pm.** Please also note there are limited spaces:

IMPORTANT! When you register please include the best phone number to reach you at beside your name.

Your name

Ms. Donovan 9029999999

or John and Mary Smith

-- who will be attending the conference, e.g., John Smith,

https://ptcfast.com/schools/Millwood_High_School_1

Note: the phone number for Google Meet could appear as a number from Ontario

If all spaces are filled or if you would prefer an email check in from the classroom teacher please refer to our school website <https://mlh.hrce.ca/staff-directory> and send an email to the classroom teacher(s) to request this by November 19th, 2021. All email update responses will be sent by classroom teachers during the week of November 22nd, 2021-November 26th, 2021.

Sincerely,

Millwood High School Administration
